DMO-33	Single Door Cabinet	IP56
DMO-35	Single Door Cabinet	IP56
DMO-37	Single Door Cabinet	IP56
DMO-55	Single Door Chest	IP56

Other Conditions

Fire safety, operational aspects, maneuvering and securing of the doors in the closed and open position are the responsibility of the designer.

Type Approval does not eliminate the need for normal inspection and survey procedures required by the Rules and Regulations.

If the specified standards are amended during the validity of this certificate, the product is to be re-approved prior to it being supplied to vessels to which the amended standards apply.

This certificate is not valid for equipment, the design, ratings or operating parameters of which have been varied from the specimen tested. The manufacturer should notify Lloyd's Register EMEA of any modification or changes to the equipment in order to obtain a valid Certificate.

The Design Appraisal Document and its supplementary Type Approval Terms and Conditions form part of this Certificate.
