

Pains Wessex Red Rocket

Pains Wessex red rocket.

Applications

A day or night long-range distress signal. 12 should be carried on the ship's bridge and 4 are required in ship's lifeboats and life rafts, also suitable for use in other commercial and recreational boats.

Features

The Pains Wessex Para Red MK8A Rocket conforms to SOLAS 74/88 as amended. Designed to withstand exceptional environmental exposure and to perform reliably even after immersion in water, the pull wire igniter and improved grip provides easy handling. Ejecting a red flare on a parachute at 300m (1000ft), burning for 40 seconds at 30,000 candela.

Usage

Remove red end cap. Hold firmly, vertically above head at arms length. Turn head away and pull toggle. Rocket is ejected instantaneously with a loud report and slight recoil. Be careful not to direct towards people or property.
