

Dräger X-pect® Cover Spectacles Protective Eyewear

Dräger X-pect® cover spectacles are the right choice for a wide range of applications. Thanks to their large field of vision, the cover spectacles are compatible with most prescription eyewear. In addition, other personal protective equipment, such as half masks, can be easily combined.

Features Premium NK anti-scratch and anti-fog coating

D-6848-2.022

Compatible with most prescription glasses

Protection of prescription glasses thanks to its wide side rims

Benefits

Easily combinable with your personal corrective eyewear

Thanks to their one-piece panoramic lens, X-pect® cover spectacles offer you a large field of vision with high wearer acceptance and optimal combination options with personal corrective eyewear.

Extra protection against the penetration of particles

The eyebrow protection on the upper edge of the cover spectacles protects against the penetration of particles.

Adjustable in length and angle

The X-pect® 8120 temples are adjustable in angle and length and can therefore be adjusted to fit any face.

Side vents

The X-pect® 8110 model is equipped with side vents that prevent your prescription glasses from fogging up, even over longer periods of time.

Shatterproof and lightweight material

The cover spectacles are made of an extremely robust and sturdy material thanks to the integrated polycarbonate. Still, the glasses are lightweight for high wearing comfort, even during long periods of use.

UV protection and highest optical class

The Dräger X-pect® series offers the highest possible UV protection as well as the best optical class for protective eyewear (class 1) for continuous use. The entire portfolio is EN166 certified and CE compliant. The X-pect 2400 / 2420 are additionally certified according to ANSI Z87.1, AUS/NZ 1337 and CSA Z94.3.

Premium comfort

The Dräger X-pect® cover spectacles are characterised by high-quality, lightweight materials and an ergonomic design, thus offering premium wearing comfort. Even in combination with other personal protective equipment, such as Dräger X-plore® half masks, you are ensured a high level of wearing comfort.

Anti-scratch and anti-fog coating

The X-pect® 2400 / 2420 cover spectacles are equipped with an anti-scratch and anti-fog coating - for a clear view in every situation.
